Model Specific Information

The upholstery on this model has intentionally been loosely applied to create a relaxed visual effect. This is not a quality defect but a model specific characteristic that guarantees optimum seating comfort.

Cushion Information

The seat and back cushions comprise of a high-quality mixture of polyester fibers and shredded foam. Depression of this filling can result over time with use, which is a typical product characteristic.

Total height if headrest is flipped up: 41"

All measurements are approximate: width/depth/height/seat height.
Seat depth 21", arm height 22", arm width 15".
Line drawings are in 1/4" scale.
